

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Julia Choi  
DOCKET NO.: 02-25183.001-R-1  
PARCEL NO.: 02-34-202-053-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Julia Choi the appellant, by attorney Jason Shilson of O'Keefe Lyons & Hynes, LLC of Chicago and the Cook County Board of Review.

The subject property consists of a two-year-old, two-story single-family dwelling of masonry construction containing 3,692 square feet of living area and located in Palatine Township, Cook County. The residence contains three and one-half bathrooms, a partial basement, air conditioning, a fireplace and a three-car garage.

The appellant, through counsel, submitted evidence before the PTAB claiming unequal treatment in the assessment process as the basis of the appeal. In support of this argument, the appellant offered seven suggested comparable properties located within a quarter mile of the subject. These properties consist of two-story single-family dwellings. The comparables contain between 2,153 and 3,001 square feet of living area and have improvement assessments ranging from \$18,710 to \$27,698 or from \$10.83 to \$12.85 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board submitted its "Board of Review Notes on Appeal" wherein the subject's final improvement assessment of \$38,036, or \$10.29 per square foot of living area, was disclosed. In support of the subject's assessment, the board offered four suggested comparable properties located within two blocks of the subject. The comparables consist of two-story single-family dwellings of masonry construction and range in age from one to three years. The comparables contain two or three bathrooms with half-baths, three with full basements; all have fireplaces, air conditioning and three-car garages. The comparables range in size from 3,060

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 6,482  
IMPR. \$38,036  
TOTAL: \$44,518

Subject only to the State multiplier as applicable.

to 3,640 square feet of living area and have improvement assessments of between \$31,207 and \$41,676 or from \$10.20 to \$11.45 per square foot of living area. Based on this evidence, the board requested confirmation of the subject property's assessment.

After reviewing the record and considering the evidence, the PTAB finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). The evidence must demonstrate a consistent pattern of assessment inequities within the assessment jurisdiction. After an analysis of the assessment data, the PTAB finds the appellant has failed to overcome this burden.

The PTAB finds the board's comparables one, two, three and to a lesser degree comparable four are the comparables more similar to the subject. These properties have improvement assessments ranging from \$10.20 to \$11.45 per square foot of living area. The subject's per square foot improvement assessment of \$10.29 is within this range of properties. The PTAB affords little weight to the appellant's comparables because they lack a basis of comparability such as age, construction, bathrooms and basement and garage space. After considering the available differences in both parties' suggested comparables when compared to the subject property, the PTAB finds the evidence submitted is insufficient to effect a change in the subject's assessment.

As a result of this analysis, the Property Tax Appeal Board finds the appellant failed to adequately demonstrate that the subject dwelling was inequitably assessed by clear and convincing evidence and no reduction is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
